

The image shows a pixelated logo. At the top center is a small square composed of a 3x3 grid of pixels, with the center pixel being black and the surrounding pixels being a mix of light and dark gray. Below this square are the letters 'SID' in a bold, blocky, pixelated font. The letters are composed of various shades of gray and black, giving them a textured, digital appearance. The 'S' is on the left, followed by the 'I' and 'D' on the right. The entire logo is centered on a plain white background.
